Who we are

Down Syndrome NSW is a not-for-profit organisation, established in 1980 by parents of children with Down syndrome.

We champion the right of people with Down syndrome to have the same access to society as everyone else - to health, education, work, family and community.

We achieve this by supporting people with Down syndrome, their families and carers to be part of a strong and vibrant community that is informed, engaged and active.

Our ongoing work depends on the generosity of our members and the community, through event support, membership, donations and sponsorship.

If you would like to help us with our work, there are many ways to be involved. Visit www.downsyndromensw.org.au
